This Newsletter is for Year 12 parents and provides information about exams, end of semester and start of Semester 2 classes.

Students in Year 12 ATAR Pathway courses are expected to be preparing for examinations by completing regular revision for all courses with an exam. This would involve creating a study timetable showing what time is being committed per course per week to complete revision, having a study notebook for each course where revision notes are made and checked by teachers to ensure correct, re-reading notes and textbook chapters, completing exercises, calculations etc.

How much should you be studying? You are competing with students from across the state for places at University. Many of them are completing 3 hours minimum per night in Year 12.

YEAR 12 – Semester 1 exams take place from Monday 29 May to Wednesday 7 June.

All General Courses will have classes as usual. Certificate courses, TAFE and Workplace Learning continue as normal. No ATAR Courses will have classes over the exam period.

Students need to attend any classes which are running as normal, unless they are timetabled to sit an exam – this applies to students who have a combination of exam and non-exam courses. Students are welcome to use the college facilities for private study over the exam period.

All exams commence at 8.30am. If there are any problems with attending exams students should see Ms Baxter (Year 12 DP) prior to the exams commencing. Examination guidelines will be issued to students so that everyone is fully aware of exam processes.

All classes for Year 12s will resume on Thursday 8 June as the start of their Semester 2.

Priorities 2021 - 2024

PATHWAYS TO SUCCESS
