EGConnection

Issue 11. 29 June 2026

Victoria Bogensperger

Deputy Principal- Learning Environment & HR

The Student Engagement & Wellbeing Team (SEW) have been celebrating student attendance achievements this week.

Student attendance to school and class impacts hugely on student outcomes. The team located in Student Services has been supporting students in 2026 to be at school, in class and completing assigned work to achieve their potential and consequently open pathways for success post school.

This week we celebrated students who have achieved 90% and above attendance throughout term 2. There were over 200 students across the 2 year groups who made the benchmark, so reward lunches for the individual year groups were enjoyed by many. The SEW team hope to continue to celebrate the positives with our students as the year progresses.

Another initiative in 2026 is our Thursday Brunch Connection. Students are welcome to drop in to the Hub alfresco area for a snack and a chat. It's a wonderful opportunity for students to mingle, make new friends or simply connect with the team and have a bite to eat. Students can find more information around the campus on posters or by checking in with one of the SEW team.

Theres lots going on every day at our school and our aim is to support students to achieve positive school outcomes, including healthy lifestyle and wellbeing. We encourage students to seek support if necessary and pop in to say hello if they want to. The holidays will be soon upon us, students should take this opportunity to rest up, be mindful and rejuvenate, ready for the rest of 2026.

Thanks to our families and carers, and happy holidays to all.

EGC UPCOMING EVENTS

29 June - 3 July: Country Week

3 July: Last Day of Term 2

21 July: First Day of Term 3

Country Week Assembly

The school community came together to wish all Country Week participants the very best as they prepare to represent EGC!

Brunch Connections Club

EGC's Brunch Connections launched in week 9, with many students and staff joining in on the fun. Introduced and organised by the Student Engagement and Wellbeing team, the club aims to create meaningful connections between students and staff. The club takes place every Thursday during Lunch 1.

Community Engagement at EGC

EGC's **Applied Information** students were hosted by the team at **Goldfields Toyota** to see and "test" the latest automobile technology available, for personal and industrial use. The students have been exploring the political, economic and social impacts created by electric vehicles and this partnership was so valuable for extending their classroom learning.

Wednesday Workshops

Reminder: Wednesday Workshops will **not** be running in **week 11**, they will be resuming in Term 3.
